

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

GRAND OPENING OF WINTER FURS

Grand opening of winter furs and fur coats at the Parsons-Souders stores, Friday, Nov. 16. Mr. W. F. Graham, personal representative of the large and widely known fur manufacture of Edwin S. George, Detroit, Mich., will make an exhibit of fine furs and fur coats at the Parsons-Souders stores, Friday, Nov. 16, to which every one is invited. This exhibit has been arranged at this time for two reasons, namely, persons desirous of a handsome set of furs or coat may at this time have a variety for choosing, a privilege that could not be had with home stocks also to persons desirous of making gifts of a fine set of furs this is an excellent opportunity to make a selection which may be done and same set aside until Christmas or New Years.

The Parsons-Souders Co. have handled Edwin S. George's line of furs for four years and their buyer states there is nothing better made, only the best selected pelts and superior grade of workmanship enter into any and all fur pieces and coats, whether it be the inexpensive \$2.00 neck piece or the \$1,500.00 Russian royal sable set.

This opening is to be for one day only. All who can would suggest coming in the morning owing to the rush sure to occur in the afternoon. However, several clerks have been assigned to assist Mr. Graham in his display.

See George, Friday at the Parsons-Souders Co.
